USING FASHION TO CREATE
Community & Opportunity
FOR WOMEN GLOBALLY

Sseko is a fair trade, ethical fashion brand committed to creating opportunity for women globally through the sale of beautifully hand-crafted leather bags, versatile apparel, stylish sandals, jewelry, and countless custom options.

In the spring of 2020, Sseko launched a fair trade coffee brand, Together Coffee. We offer shade grown, small batch, fresh roasted coffee from Uganda and Ethiopia (the place where coffee was discovered!). It is so delicious.

Sseko currently offers full time fair-wage jobs and benefits for women in Uganda and for more artisans across the globe. Also, we fund university scholarships for some of the brightest young women in Uganda and Ethiopia.
