

# Jon & Celine MEMORIAL FUND

*Keepers of the Kern is pleased to announce the formation of the  
**Jon & Celine Memorial Fund**  
in honor of these two dedicated people.*

Jon and Celine had a drive and a passion for conservation, environment, fisheries and giving youth the opportunity to participate in educational activities promoting proper ethics when in nature. Jon was a computer security analyst, he brought the ancient Tankara fishing technique to the Kern River Valley and spent his spare time bringing young people to nature. Celine was a Graphics Artist and Designer and was instrumental in introducing women to fly fishing on the Kern River. They both were dedicated volunteers with Keepers and very active members of our Board of Directors.

Donations collected for the fund will be gifted to those young people who wish to seek a career or increase their knowledge in any of the fields that Jon and Celine were involved with and had a passion for. It would also include monies for those who would choose a career with the U.S. Forest Service, Bureau of Land Management and/or Dept. of Fish and Wildlife.

*Donations can be mailed to:*
